Re: Children's Medical Center of Dallas, Pavilion Parking Structure

Dear Mr. Novak,

It is with great pleasure that I write this letter to commend Mr. Bryan Westmoreland of your firm for his efforts on our project. He worked and responded with the utmost professionalism throughout the course of the project. Bryan performed with a vested interest approach, always having the owner's and McCarthy's interest in mind, along with Southern Glass'.

We look forward to future projects together. Mr. Westmoreland truly is an example of the kind of people McCarthy enjoys working with. McCarthy wishes the very best to you and your firm for the future.

Sincerely,

Charles E. Boothe
